

BACKHOES, GRAPPLES & 3RD FUNCTION

G54 - G60 - G72 - G84

The RK by Top Dog Granite Grapples come in four working widths to match up with our 19 to 74HP tractors, as well as other comparable tractors with a skid-steer compatible quick attach loader and 3rd function capability. Developed in a partnership with Minnesota-based Top Dog Attachments, the Granite Grapple makes clearing brush, moving logs and pulling up tree roots a quick and easy process. The unique design includes heavily reinforced teeth that do not require a cross piece support, allowing dirt to pass through rather than build up in the teeth.

BACKHOES, GRAPPLES & 3RD FUNCTION

BH6.5 for RK24 Tractors

BH7.5 for RK37 Series Tractors

BH8.5 for RK55 Series Tractors

RK Tractors Backhoes are performance-matched with our RK24 (BH6.5), RK37 Series (BH7.5) and RK55 Series (BH8.5) tractors. All backhoes come complete with heavy-duty bucket, full sub-frame and mechanical thumb, all standard and included in the price. Additional bucket sizes are available as options for all models. The tractor operator seat pivots to the backhoe controls on the RK24/BH6.5, with an independent seat/operator station standard with the RK37/BH7.5 and RK55/BH8.5 models.
